Dear Dr. Gordon:

I am writing in response to the Curriculum Vitae for Taik Singh that was forwarded to our office for approval of a new instructor for the New York State mandated Child Abuse course work provided by your organization. Mr. Singh's credentials reflect sufficient expertise and experience to present this coursework.

Thank you for keeping us informed of this addition. The information has been noted in your file in the Office of Professional Education Program Review. If you have further questions, please contact Professional Education Program Review at (518) 474-3817 ext 360.

Sincerely,

A handwritten signature in black ink, appearing to read "William Murphy".
